

Fellows of the EAPCCT

The **Fellowship of the EAPCCT** is a discretionary award conferred on members of the Association who have demonstrated distinction and commitment to the speciality of Clinical Toxicology and/or to Poisons Centres and who have made a significant contribution to the work of the Association, its sister organisations and/or its sponsored journal. It is an honorary award that does not carry specific benefits, but Fellows make a contribution to a Fellowship Fund that is used to support worthy causes as recommended by the fellows themselves.
